

Code Red

Code Red (reverse 911) is your best source for being notified about emergencies that can affect you and your families in your village, such as boil water advisories, road closures or missing children.

Landlines are in the system for reverse 911 but cell phones are not unless you register these numbers.

Below is the web address to sign up for this. You can also find this link on the village website. If you are unable to sign up, you may call us or send in your information and we will add you to the system.
